SCOPE AND CONTENT NOTE

VLADIMIR BODISCO PAPERS

Vladimir Vasil'evich Bodisco was a specialist in cattle breeding who was raised and educated in Yugoslavia. The collection contains his memoirs ("Konspekt proshedshei zhizni" in WRITINGS) and articles about life in Russian émigré cadet schools and the military school at Bela Crkva, Yugoslavia, as well as collected materials on Russian military history and military educational establishments abroad.

Detailed processing and preservation microfilming for these materials were made possible by a generous grant from the National Endowment for the Humanities and by matching funds from the Hoover Institution and Museum of Russian Culture. The grant also provides depositing a microfilm copy in the Hoover Institution Archives. The original materials and copyright to them (with some exceptions) are the property of the Museum of Russian Culture, San Francisco. A transfer table indicating corresponding box and reel numbers is appended to this register.

The Hoover Institution assumes all responsibility for notifying users that they must comply with the copyright law of the United States (Title 17 United States Code) and Hoover Rules for the Use and Reproduction of Archival Materials.
