SCOPE AND CONTENT NOTE

KHARBINSKIE KOMMERCHESKIE UCHILISHCHA COLLECTION

This collection contains materials relating to the Kharbinskie kommercheskie uchilishcha (male and female high schools subordinated to the Ministry of Finances, rather than the Ministry of Education, in Harbin, China). The photographs document the actual life of the schools, while the PRINTED MATTER and GENERAL series offer historical materials and documents relating to the activities of the schools' alumni association, formed in San Francisco in the 1950s.

Detailed processing and preservation microfilming for these materials were made possible by a generous grant from the National Endowment for the Humanities and by matching funds from the Hoover Institution and Museum of Russian Culture. The grant also provides depositing a microfilm copy in the Hoover Institution Archives. The original materials and copyright to them (with some exceptions) are the property of the Museum of Russian Culture, San Francisco. A transfer table indicating corresponding box and reel numbers is appended to this register.

The Hoover Institution assumes all responsibility for notifying users that they must comply with the copyright law of the United States (Title 17 United States Code) and Hoover Rules for the Use and Reproduction of Archival Materials.
