SCOPE AND CONTENT NOTE

GEORGII TITOVICH KIIASHCHENKO PAPERS

G. T. Kiiashchenko was a Russian general active in the émigré monarchist and Russian Orthodox Church politics abroad in the 1920s and 1930s. Most of his views were expressed on the pages of the periodicals Nashe slovo and Viera i pravda, which he edited and published in San Francisco, and which are contained in the collection (SPEECHES AND WRITINGS). There is also a large amount of related material, including appeals by various organizations, in the SUBJECT FILE. Also of interest are the letters and notices from the Ob"edinenie Chuguevskago voennago uchilishcha, of which Kiiashchenko was a member (see CORRESPONDENCE).

Detailed processing and preservation microfilming for these materials were made possible by a generous grant from the National Endowment for the Humanities and by matching funds from the Hoover Institution and Museum of Russian Culture. The grant also provides depositing a microfilm copy in the Hoover Institution Archives. The original materials and copyright to them (with some exceptions) are the property of the Museum of Russian Culture, San Francisco. A transfer table indicating corresponding box and reel numbers is appended to this register.

The Hoover Institution assumes all responsibility for notifying users that they must comply with the copyright law of the United States (Title 17 United States Code) and Hoover Rules for the Use and Reproduction of Archival Materials.
