SCOPE AND CONTENT NOTE

BORIS I. NEDZVETSKII PAPERS

This collection contains the papers of Boris I. Nedzvetskii, an émigré active in scouting and monarchist organizations. In the subject file, of particular interest are the records of the Natsional'naia organizatsiia russkikh razvedchikov in China and the materials relating to the internment of Russian refugees from China at the Tubabao camp in the Philippines. The latter materials include also a number of issues of rare Tubabao information bulletins.

Detailed processing and preservation microfilming for these materials were made possible by a generous grant from the National Endowment for the Humanities and by matching funds from the Hoover Institution and Museum of Russian Culture. The grant also provides depositing a microfilm copy in the Hoover Institution Archives. The original materials and copyright to them (with some exceptions) are the property of the Museum of Russian Culture, San Francisco. A transfer table indicating corresponding box and reel numbers is appended to this register.

The Hoover Institution assumes all responsibility for notifying users that they must comply with the copyright law of the United States (Title 17 United States Code) and Hoover Rules for the Use and Reproduction of Archival Materials.
