SCOPE AND CONTENT NOTE

VAKHAN FOMICH TOTOMIANTS PAPERS

Vakhan F. Totomiants was a prominent theorist of economic cooperation, with many published works on the subject to his credit. This collection contains a number of his newspaper articles, reviews of his works and unpublished writings, particularly on economic subjects.

Detailed processing and preservation microfilming for these materials were made possible by a generous grant from the National Endowment for the Humanities and by matching funds from the Hoover Institution and Museum of Russian Culture. The grant also provides depositing a microfilm copy in the Hoover Institution Archives. The original materials remain in the Museum of Russian Culture, San Francisco as its property. A transfer table indicating corresponding box and reel numbers is appended to this register.

The Hoover Institution assumes all responsibility for notifying users that they must comply with the copyright law of the United States (Title 17 United States Code) and Hoover Rules for the Use and Reproduction of Archival Materials.
