SCOPE AND CONTENT NOTE

AVENIR GENNADIEVICH EFIMOV PAPERS

This collection contains the correspondence of Colonel A. G. Efimov with Boris Borisovich Filimonov, a participant and author of several books on the Russian Civil War in Siberia and the Far East, 1918-1922.

The only writings in the collection are notes and drafts and the printed copy of Efimov's Izhevtsy i votkintsy, a history of these two White army units.

Of particular importance are the documents of the period, which include governmental and army orders (Priamur government and Zemskaia rat') service records, notes and related matter, found in the subject file.

Detailed processing and preservation microfilming for these materials were made possible by a generous grant from the National Endowment for the Humanities and by matching funds from the Hoover Institution and Museum of Russian Culture. The grant also provides depositing a microfilm copy in the Hoover Institution Archives. The original materials and copyright to them (with some exceptions) are the property of the Museum of Russian Culture, San Francisco. A transfer table indicating corresponding box and reel numbers is appended to this register.

The Hoover Institution assumes all responsibility for notifying users that they must comply with the copyright law of the United States (Title 17 United States Code) and Hoover Rules for the Use and Reproduction of Archival Materials.
