1961 March 19	Died, Olegario Victor Andrade, Argentina

SCOPE AND CONTENT NOTE

MITROFAN IVANOVICH RETIVOV PAPERS

M. I. Retivov was a prominent doctor in pre-Revolutionary Russia. The collection contain autobiographical and semi-autobiographical writings, including memoirs of the Moscow University medical faculty in the 1890s, and a novel entitled "Moskva studencheskaia," as well as a study of V. I. Lenin and his role in Russian history. Other writings include a brief work on female doctors in pre-Revolutionary Russia.

Detailed processing and preservation microfilming for these materials were made possible by a generous grant from the National Endowment for the Humanities and by matching funds from the Hoover Institution and Museum of Russian Culture. The grant also provides depositing a microfilm copy in the Hoover Institution Archives. The original materials and copyright to them (with some exceptions) are the property of the Museum of Russian Culture, San Francisco. A transfer table indicating corresponding box and reel numbers is appended to this register.

The Hoover Institution assumes all responsibility for notifying users that they must comply with the copyright law of the United States (Title 17 United States Code) and Hoover Rules for the Use and Reproduction of Archival Materials.
